

WRUW SPRING PROGRAM GUIDE

WRUW-FM 91.1 Cleveland

The Fall 2008 broadcast semester has come to a close. From the staff at WRUW-FM 91.1 Cleveland, I'd like to thank you for your continued listenership and support. It's time for our new and improved Spring 2009 schedule, so make sure you tune in to check out what's new in the world of WRUW-FM. We have new programmers doing old shows, old programmers doing new shows, new programmers doing new shows, and of course many of our veteran programmers returning for new episodes of their veteran shows.

With so much quality programming, how could you possibly enjoy all of it you ask? Well, it may be February but I challenge you to make a new New Year's resolution - listen to something you've never heard before every day. Fans of metal may be surprised to find that you may enjoy the blues of "Woodchopper's Ball". Fans of electronic dance music may enjoy the funk music featured on Franklin's "On the One". With so much diverse programming, there's no way you can't find something new to enjoy on WRUW-FM 91.1 Cleveland.

We're still working hard to improve WRUW-FM. This year, we're working on updating, repairing, and replacing old equipment, resolving our transmitter woes, and digitizing our CD collection in order to keep as much music available to play as possible. This year's telethon is quickly approaching. It will start on March 30 and end April 5. If you're able, please pledge your support to help us maintain and improve the already excellent programming you've come to expect from WRUW-FM 91.1 Cleveland.

Thanks for listening, Cleveland,
Clark Short
General Manager, WRUW-FM

From the Telethon Desk,

This year's annual fundraiser will run from March 30 through April 5. During that week, our programmers will be asking for your pledge of financial support for WRUW. You can call in your pledge at 216-368-2208, or donate online at www.wruw.org. As a "thank you"

for your pledge, we'll send you a CD or WRUW logo item. If you received this program guide in the mail, thank you for your past donations to WRUW-FM!

The annual Telethon funds WRUW's operation and expansion. No programmers are paid to be on the radio. We all do it because we want to produce great, diverse radio shows for our listeners. Past donations to the Telethon have funded our power increase to 15,000 watts, modern air and production studios, and live music programming. The goal of this year's telethon is to begin funding our digital music library.

WRUW has over 100,000 CDs in our library and we collect over 6,000 new CDs annually. Our enormous music library is the source of the diverse programming you love, so we never want to dispose of any of it. However our space is limited and we're running out of ways to fit in our constant stream of new music.

To better maintain our current music library and be able to expand it further, we have begun digitizing our music library. Besides solving the storage space problem, converting to a digital audio library makes it easier for us to comply with ever more complicated music license laws. It also brings an end to the problems caused by broken or scratched CDs and allows us to make the station more accessible to people in wheelchairs and those with vision problems.

What does that mean to you, the listener? It means we'll be able to instantly fill requests without having to look through 100,000 CDs to find it. Eventually, we'll even have the ability to put our list of albums online so you can find and request that song you've been humming all day. This frees us from countless hours of paperwork and pulling and reshelving CDs so that we can spend more time taking your calls and requests. Most importantly, it allows WRUW-FM to continue to be the most diverse source of radio in the Cleveland area for years to come.

So please help support WRUW-FM with a pledge to our annual Telethon, March 30 through April 5.

Thanks,
Ron, Telethon Master
